KEITINTEHDAS

Easy cooking anywhere

EST. 1925

**TEUVAN KEITINTEHDAS OY
FINLAND**

Everyone needs to eat and drink, whether in the middle of a freezing cold wilderness, the sweltering heat in the middle of a crisis zone, or a nice summer festival. Regardless of situation food preparation needs to function flawlessly.

Teuvan Keitintehdas food preparation devices can be used to efficiently serve very large groups of people. Due to the mobility and the ease of using the devices, food can be cooked on-site, wherever the people are.

Our products are designed to withstand many decades of use. Product development work is conducted in co-operation with our customers e.g. with Finnish Defence Forces. Combining customer needs with our technical know-how creates products with top-quality operating characteristics.

Teuvan Keitintehdas has been a pioneer in the development of modern and low-emission sauna stoves together with the University of Eastern Finland.

Over the course of our hundred-year history we have become experts in the handling of stainless steel and aluminium. Our capable and devoted staff combined with strong supply chain and a network of research and development organizations enable us to handle complex projects.

Our solutions

Teuvan Defence - Mobile field kitchen systems for Defence and Humanitarian organizations.

Teuvan Mobile field Kitchens are known for their reliability and a 90 year track record of operation in demanding field conditions and extreme environments. Our product range includes a wide variety of field kitchens and compact cooking equipment for modern defence and humanitarian needs, tasked with varying roles and missions in a changing World.

Teuvan Street Food - Mobile kitchen appliances for street food and event catering businesses. Robust and easily cleanable solutions for catering professionals on the go.

Parra Sauna Products and Water Heaters - Parra productline offers a comprehensive range of products for wood firing Finnish Sauna. Including traditional sauna stoves and water heaters. Water heaters are used also in humanitarian aid tasks.

Easy cooking anywhere

Mobile field kitchens and cookers

FC30 - Field Cooker

Light and portable field cooker for small groups. This 30 liters cooker can produce up to 80 meals (0,375 liters) 4 times in 24-hour operation. The special liquid filled double walled kettle ensures even heat distribution during cooking. The life cycle cost of this stainless steel cooker is really low.

FC75 - Field Cooker

Light and movable field cooker with 75 liters kettle. FC75 can produce up to 200 meals (0,375 liters) 4 times in 24-hour operation. The double walled kettle can be tilted for easy cleaning. The skis enable the cooker to be moved on all kinds of terrain.

FK2000 - Trailer Field Kitchen

Versatile, reliable and highly mobile Trailer Field Kitchen, with compact innovative cooking capabilities and design, developed for rapid deployment e.g. for national- or humanitarian aid support. In 24h operation, FK2000 can produce up to 600 meals (0,45 litres) 4 times a day.

FK2000 can be equipped e.g. with a 150 l double walled cooking kettle, a 60 l single walled kettle, a large frying pan and a 20 l water heater.

Multiple fuel possibilities from LPG gas & burners to multifuel burners for diesel or jet fuels. Solid fuel operation is always available.

Very fast setup and strike in less than 30 minutes.

LFK150 - Light Field Kitchen

The Ultra Light, easily movable Field Kitchen trailer with capacity to feed up to 400 persons (0,375 liters) 4 times a day, with 150 l double walled kettle and 2 x 20 l water heaters. Similar fuel possibilities with FK2000.

Outdoor Barbeque and Catering

Teuvan LPG Barbeque

A powerful professional grill for catering large numbers of people. Ideal for grilling e.g. sausages. Large frying area (500 x 1050 mm). Two longitudinal burners. Manufactured from stainless steel.

Teuvan Paella Pan

A robust kitchen appliance for many kinds of pan fried foods. Ideal for street food chefs or catering at outdoor parties. Pan and stand manufactured from stainless steel. Diameter of the frying area Ø760 mm. Gas burner 15 KW.

Praasu Outdoor Fireplace

Elegant and versatile outdoor barbeque and design fireplace for innovative outdoor cooking and enjoyment. Woodfired frying and cooking surface has different temperature zones which creates unique opportunities for frying. Praasu works for professionals as well as for cooking enthusiasts. The special secondary air conduction design ensures pure combustion of wood or charcoal.

Parra Sauna

Parra Chimney

Modular chimney with certification for T600 temperature range, ideal for sauna stoves.

Parra water heater - VS30

Energy efficient water heater utilizes waste heat of exhaust gases. 30 l volume provides plenty of hot water for sauna use.

Stone Cage for Parra Stove

Increases the number of sauna stones for softer & longer lasting steam - "löyly" in Finnish. Visual upgrade.

Parra Stove

An efficient wood burning sauna stove with clean Scandinavian design.

Protective Sheath for Parra stove

Allows reduced safety distance to surroundings.

Stove Stand and Floor protector for Parra Stove

Protects the underlying floor from heat allowing stove installation even on a wooden floor.

Parra Water Boiler - PP80S

An efficient wood fired water boiler with 80 l volume, made of stainless steel. Perfect for hot water needs in a sauna or summer house. Can be installed outside as well. (150 l model also available)

Hot water heat exchanger

Optional add on for the Teuvan water boilers for heating of tap water. Water heating power is easily enough to have a warm shower running continuously as long as there is a fire in the water heater.

Complete - easy and ready to install

Teuvan's history manufacturing field kitchens began with the model M29 that was extensively used in the Winter War and the Continuation War, originally horse drawn. Most of these units were later modified for vehicle towing. After Finnish Defence Forces stopped using them many found second users amongst associations or entrepreneurs. Some still remain operational - a truly circular product!

Since 2004 Teuvan products have been designed, developed and manufactured under a management system certified by Bureau Veritas against ISO 9001:2015. Bureau Veritas Certification certificate number FI007532.

The Key Flag Symbol (Avainlippu) is awarded by The Association For Finnish Work to a product manufactured or a service produced in Finland.
